

Century Casualty Selects The Stingray System from Maximum Processing.

Century Casualty selects the web-based, policy, billing, claims and reinsurance insurance administration system.

Bradenton, FL — Century Casualty Company has chosen The Stingray System for the processing all of their lines of business. The Stingray System, from Maximum Processing, will be utilized for policy, billing, claims and reinsurance processing.

“We spent quite a bit of time looking around the industry for a solution that would allow us to meet all of our diverse needs. The Stingray System impressed us immediately as did the Maximum Processing staff.” said Hugh Nelson, Senior Vice President of Century Casualty. “The Stingray System provides us with the ability to improve productivity while increasing our ability to provide quality services to our customers.”

"Combining the extensive features of the Stingray System with interfaces to various third party services," explained Sean Pitcher, President & CEO of Maximum Processing, "they will be able to provide real time purchasing capabilities to their customers and have the ability to make changes and react quickly to requests. "

Mr. Nelson said they are very impressed with the experience that the Maximum Processing team brings and their focus on providing a highly configurable solution that meets their needs.

Century Casualty Company is a Georgia-based property and casualty insurer specializing in commercial package policies of standard business risks. Century Casualty also provides underwriting management and policy processing services for group and association captive insurers.

The Stingray System is a policy, billing, claims and reinsurance administration system which provides workflow, imaging, many third party interfaces (e.g., Credit Card, General Ledger, Comparative Raters, CLUE, MVR, 4Sight Business Intelligence, bureau stat reporting and others). It comes with consumer and agent portals as well as a full point of sale system.
