*Dallas National Insurance selects the web-based, policy, billing, claims and reinsurance insurance administration system.*

**Bradenton, FL** — Dallas National Insurance Company (DNIC) has chosen The Stingray System for the processing of their Personal and Commercial lines of business. The Stingray System, from Maximum Processing, will be utilized for policy, billing and claims, imaging and reinsurance processing.

“We were extremely impressed with the configurability of the system and most especially, all of the components that come with the base system. The customer and agent portals combined with imaging and workflow modules, will allow us to provide even greater service to our clients and agents,” said Bob McGowan, COO of DNIC “The Stingray System is going to provide us the opportunity to expand into other areas with speed and flexibility.”

"With our configuration toolbox, we will be able to provide DNIC with the workflow and processes that they desire," explained Sean Pitcher, President & CEO of Maximum Processing, "they will be able to improve their processes and service."

Mr. McGowan said they are very impressed with the Stingray system's ability to provide a single environment for their Workers' Compensation, General Liability, Homeowners and other lines of business, allowing for a more productive work environment.

The Stingray System is a policy, billing, claims and reinsurance administration system which provides workflow, imaging, many third party interfaces (e.g. Credit Card, General Ledger, Comparative Raters, CLUE, MVR, 4SightBI, bureau stat reporting and others) . It comes with consumer and agent portals as well a full point of sale system.
