

VGM Insurance Selects The Stingray System from Maximum Processing.

VGM Insurance selects the web-based, policy, billing, claims and reinsurance insurance administration system.

Bradenton, FL — VGM Insurance Company has chosen The Stingray System for the processing all of their lines of business. The Stingray System, from Maximum Processing, will be utilized for policy, billing, claims, imaging and reinsurance processing.

“Utilizing a third party firm, we looked around the industry for a solution that would allow us to have control over our configuration and help bring additional automation to our business. The Maximum Processing folks really impressed us, as did the Stingray System.” said Tom Jones, President of VGM. “The Stingray System gives us a number of great new features and capabilities that will allow us to become paperless and to significantly improve our services to our customers and agents.”

"Utilizing our built-in imaging system and third party data features for conversion," explained Sean Pitcher, President & CEO of Maximum Processing, "they will be able to provide real time information to their agents and customers and at the same time have the capability to react quickly to needed changes in their business. "

Jones said the experience and client-focus that the Maximum Processing team brings to the table help set Maximum Processing apart from other system companies.

The Stingray System is a policy, billing, claims and reinsurance administration system which provides workflow, imaging, many third party interfaces (e.g. Credit Card, General Ledger, Comparative Raters, CLUE, MVR, 4Sight Business Intelligence, bureau stat reporting and others) . It comes with consumer and agent portals as well a full point of sale system.
