*Kentucky Growers Insurance selects the web-based, policy, billing, claims and reinsurance insurance administration system.*

**Bradenton, FL** — Kentucky Growers Insurance Company has chosen The Stingray System for the processing all of their lines of business. The Stingray System, from Maximum Processing, will be utilized for policy, billing, claims, imaging and reinsurance processing.

“We looked around the industry for a solution that would allow us to automate a great portion of our business. We were immediately impressed with the Stingray System and the Maximum Processing staff.” said Garland Farmer, President of Kentucky Growers. “The Stingray System gives us the ability to improve productivity while increasing our ability to provide quality services to our agents and customers.”

"Utilizing interfaces such as e2Value, for property valuations, and other third party services," explained Sean Pitcher, President & CEO of Maximum Processing, "they will be able to provide real time purchasing capabilities to their agents and customers and at the same have the ability to make modifications quickly. "

Farmer said they are very impressed with the experience that the Maximum Processing team brings and their focus on providing a highly configurable solution that meets their needs.

The Stingray System is a policy, billing, claims and reinsurance administration system which provides workflow, imaging, many third party interfaces (e.g. Credit Card, General Ledger, Comparative Raters, CLUE, MVR, 4Sight Business Intelligence, bureau stat reporting and others) . It comes with consumer and agent portals as well a full point of sale system.
