

Maximum Processing and ITS Data Services Form Alliance

ITS to provide resources for Stingray System implementations

Bradenton, FL –Maximum Processing today announced a new alliance with ITS Data Services, Inc, to increase the delivery capabilities of the Stingray System, a fully functional web-based property & casualty insurance administration solution.

“In order to help meet the market demand for The Stingray System, we have teamed with ITS to take advantage of their deep experience in the P&C insurance vertical,” says Sean Pitcher, President and CEO of Maximum Processing. “The Stingray System provides a complete toolset which allows for quick implementations and speed-to-market needs.,” explains Pitcher.

“ITS Data Services is proud to be working with Maximum Processing and The Stingray System,” says Chris Belle, vice president of services for ITS Data Services. “We are very impressed with how quickly individuals can learn to use the tools and produce quality, cost-effective solutions to the marketplace.”

The Stingray System is a policy, billing, claims and reinsurance administration system which provides workflow, imaging, many third party interfaces (e.g. Credit Card, General Ledger, Comparative Raters, CLUE, bureau stat reporting and others) . It comes with consumer and agent portals as well a full point of sale system.
